## **Blue FuzCubs**

These cubs have medium ears, medium black eyes, a tiny nose, and Blue spots on a Red color body.

These are my first creation that I personally started from store-bought creatures. These guys making the list will be a big achievement for me.

**Created by OnlyFuzz**

<http://www.creaturebreeder.com/creature/view/10320344>

## **Bonsai FuzCubs**

These cubs have medium ears, small brown eyes, a large nose, and Gold spots on a Tan/Brown color body. I started this breed around the same time I started my Blue Cubs. These two breeds are very special to me because they were the first breeds I started from store bought. I feel they are both very unique, and I have had a blast working on them.

**Created by OnlyFuzz**

# TurtleTots

## **Chamomile Tealeaf Turtles**

These tots have tiny brown eyes, are shell-less, and have lime green and forest green belly spots on a green background, and golden olive skin color.

These turtles are bred to have the pattern of a swaying stalk bearing one tea leaf on their scales. Chamomile is a calmativite tea, and these tots are calming creatures to have around with their soft earthen colors.

**Created by M.u.s.e.**

<http://creaturebreeder.com/creature/view/8913674>

## O.D.A Tots

These tots have small pink eyes, are shell-less, have lime green and green belly spots on a green background, and Albino skin color. O.D.A Tots have a distinct ribbon pattern on their bellies which represents the Organ Donation Awareness ribbon. I created these Tots in hopes that maybe I could spread awareness whilst honouring the memory of my younger sister who has passed on.
